

Targa 48GT

Quick Spec

- Length overall (inc. pulpit): 50ft 9in (15.46m)
- Beam (inc. gunwale): 14ft 2in (4.32m)
- Number of berths: 4-7
- Draught: 3ft 10in (1.18m) unloaded
- Height above waterline (inc. arch + nav. light mast): 14ft 11in (4.55m)
- Transport height: 15ft 10in (4.83m)
- Dry weight (approx.): 13.28 tons (13,500kg)
- Fuel capacity: 288 gals/346 US gals (1,308L)
- Water capacity (inc. calorifier): 106 gals/127 US gals (480L)

Deck

Anchor chain locker • Anchor winch controls • Anchor winch (electric) • Calibrated anchor chain • Ensign and staff • Fender set • Full set of IMCO navigation lights • Hot and cold water transom shower • Moulded non-slip deck surface • Recessed self-draining area on foredeck for coachroof sun cushions • Riding light • Rubbing strake • Self-stowing Delta® anchor • Stainless steel bow fairlead(s) • Stainless steel bow, spring and stern cleats • Stainless steel handrails • Stainless steel pulpit • Stainless steel stemhead roller • Stainless steel transom wing cleats • Swim ladder to bathing platform • Teak-laid bathing platform (with option of submersible platform) • Toughened glass curved windscreen • Transom gate from cockpit to integral bathing platform • Twin horns • Water filler • Windscreen washers • Windscreen wipers

Helm Position

12V socket • Bilge pump switches with integral operating warning lights and audible alarms • Controls for engine bay fire extinguisher system • Drinks holders • Electronic single-lever throttle and gear controls for port and starboard engines • Fuel gauges • Full engine instrumentation including; tachometers, temperature gauges, audible alarms and engine hour meters • Garmin GMI 20 digital multi-function instrument system with colour display • Garmin VHF marine radio • Helm position indicator • High-speed magnetic compass • IPS joystick • Remote anchor winch controls • Searchlight with remote control at helm • Twin helm seats • Waterproof switches for navigation and riding lights, windscreen wipers and engine bay extractor fan(s)

Electrical System

All 240V, 24V and 12V circuits (where applicable) protected by circuit breakers with main electrical load control panel • Electrical sockets • Heavy duty circuit breakers • Isolating switches to all batteries

12 Volt

• Batteries - 2x heavy duty batteries for domestic services • Battery - 1x heavy duty battery for exclusive port engine starting • Battery - 1x heavy duty battery for exclusive starboard engine starting • Emergency battery coupling system permits starboard engine to start port engine if domestic batteries accidentally discharged

240 Volt

• Polarity check and earth leakage protection system • Power points throughout the boat (fed from shore power or generator) • Regulated battery charger • Shore power supply

Cockpit

12V heavy duty weatherproof socket • Bathing platform lights • Boat hook • Central dining area with table • Drinks holders • Engine bay access hatch • Fender stowage • Gas locker • Lazarette under cockpit seat • Life raft stowage • Manual bilge pump(s) • Mooring warps • Step for side deck access • Teak laid cockpit • Warp lockers

Interior Furnishings

• A choice of Fairline's elegant interior collections; Amalfi, Capri, Hamptons or St Tropez.

Engines and Performance

• 2x Volvo Penta IPS600 D6-435 Diesel 435 mhp each: 30 knots

Hullform and Construction

Antifouling protection to hull • Design, layout and detailing by the Fairline design team • Full length moulded spray deflectors • Hardtop with electric sliding roof • Integrally moulded engine bearers • The deck incorporates polyurethane foam cores for high-strength and excellent thermal insulation • Transverse and longitudinal strengthening stringers throughout hull

Main Saloon

Companion seating opposite helm • Companionway steps with handrail to galley and accommodation • Dining table • LED ceiling lights • LED TV 32" • Manual opening windows • Radio with wireless connectivity • Side board with storage for bottles and glasses • Sofa • Stainless steel door to cockpit with integral blind system • Storage locker to helm seat base • Stowage locker under seating

Galley

2-burner gas hob, oven and grill • Control panel for 12V/240V domestic electrical circuits • Crockery stowage • Extractor fan • Fire extinguisher • Hull window • Integrated waste bin • Lacquered cupboard doors • Large pantry cupboards • LED ceiling lights • Lockers (overhead) • Sink with hot and cold mixer tap • Solid surface work tops • Tall fridge/freezer with automatic 12V/240V change-over • Work surface lights

Accommodation

Forward Cabin

• Access to shower/WC compartment • Bedside tables • Double bed converting to V-berth • Full length mirror • Hatch to foredeck • Headboard shelf unit • LED ceiling lights • Lockers (overhead) • Low level drawers • Opening porthole(s) • Reading lights • Trinket locker • Wardrobe

Master Cabin

• Bedside tables • Chest of drawers x2 • Full length double bed • Full length mirror • LED ceiling lights • Opening porthole(s) • Reading lights • Wardrobe

Third Cabin

• Full length mirror • Full length twin bunk beds • LED ceiling lights • Opening porthole(s) • Reading lights • Wardrobe

Shower/WC Compartment

• 220V/240V shaving point • Automatic shower tray pump-out system • Electric silent-flush freshwater toilet • Extractor fan • Solid surface vanity unit locker and basin with hot and cold pressurised water • Full set of bathroom fittings • Full standing-height shower with integral shower tray and adaptable shower head • Hand basin with hot and cold water • Mirror • Opening porthole • Stowage locker

Engines and Sterngear

Automatic bilge pumps for engine bay with a manual 'on' override • Automatic engine bay fire extinguisher system • Electric engine bay fan(s) • Electric trim tabs with cathodic protection • Engine bay lights • Engine room soundproofing • High capacity emergency manual bilge pump system with changeover valves • Sea cocks on all inlets/outlets below waterline

Fuel System

Changeover valve system to permit each engine to draw fuel from, and return fuel to, either tank • Emergency fuel shut-off valves • High capacity water separators and fuel filters • Individual fillers and vents to port and starboard • Twin fuel tanks

Freshwater System

• Automatic, pressurised supply • Calorifier hot water system • Water tank

Gas

All gas burners fitted with flame failure protection devices • Copper, polythene sheathed supply pipe • Single tail feed with regulator and gas low system test meter • Stowage for gas bottle in self venting cockpit locker
